

GEYSER SPAS® FEATURES

1. The Geyser Spas® each come complete with a mood light and removable colored lens.

2. Both the step and footwell are treaded for a secure feeling when entering and exiting the spa.

3. Each Geyser Spa® offers the comfort of recessed jet patterns.

4. Depending on the model, each unit provides strategically placed Zone-in-Zone™ Therapy featuring selected jetting that is both adjustable and interchangeable.

5. The Top Loading Skimmer boasts twin cartridges and easy toploading access.

6. The Digital Control provides easy to use pre-programmed operations.

7. The Paradise Turbo Jet creates a whirlpool massage by simply rotating the outside escutcheon.

8. Geyser Spas® offer footwell Hydrotherapy featuring single or double therapy jets for true relaxation.

Each Geyser Series Spa Skirt is made from WeatherAll™ a durable thermoplastic material which has combined the ease of maintenance of plastic with the natural look of wood.

WARNING: The consumer products safety commission has stated that the water temperature in a spa or hot tub should not exceed 104°F. Immersion in water in excess of 104°F could be hazardous to your health. Children, aged persons, persons having medical problems, and pregnant women should consult their physicians before using a spa or a hot tub. Spas or hot tubs should not be used by persons under the influence of alcohol or by persons taking medications that cause drowsiness.

All sizes are approximate. Saratoga Spa & Bath® Co., Inc. reserves the right to make changes in product characteristics, standard equipment supplied or available at any time without notice.

International 50 Hz models may vary in specifications and features. Models with international specifications are only available through international distributors. All spas must be wired in compliance with the Owner's Manual.
